

## Departmental Events- 2016-2017

### **1. Annual fest 'Prithvi'-5<sup>th</sup> April, 2017**

The Department of Environmental Science had organised 'Prithvi' - the Annual Fest on 5<sup>th</sup> April, 2017 with the objective to create environmental awareness amongst the students. It comprised of five competitions viz. Debate, Slogan Writing, Display of working models, Mobile photography and Collage making with the themes of each competition pertaining to environmental conservation and awareness. In addition to this there was a book exhibition where publishers and distributors showcased their books on Environmental Science. This was then followed by a talk on 'Environmental Awareness' delivered by Dr. Seema Upadhyaya, President of Sankalp Environment and Social Development Foundation. The event was participated by a large number of audience including students from the college and other institutes.

### **2. International Ozone Day- 16<sup>th</sup> September, 2016**

International Ozone Day was celebrated by the Department on 16<sup>th</sup> September to create awareness about *ozone layer depletion* and other *environmental issues* in the college and in the adjoining locality. The programme started with a '**Nukkad Natak**' (*Street Play*) related to the ozone day theme in the college premises followed by a **rally** by the students and teachers which started from the College gate to Malviya Nagar market. In accordance with the theme, students prepared posters and participated in rally with full devotion. During the rally students chanted slogans and also distributed pamphlets to the general public on the way in order to create environmental awareness and discoursed and highlighted the contributions that can be made at an individual level. The rally did attract a lot of attention from the public as they were curious about ozone depletion. The play was again staged at the Malviya Nagar market place which drew the attention of local crowds.
